

Get More Seasonal Support with AKRS.

BE READY:

Season after Season with an **AKRS Seasonal Support Box.***

- Planting
- Baling
- Spraying
- Harvest

Always have the parts with you to keep you running.

Minimize downtime with a seasonal support box—we fill the box with parts customized to your machine and other parts you request. When the season is over, simply drop off the box and we will return anything not used. You pay nothing until the season is over and the non-used parts are returned. Having a part of our inventory with you when it matters most just makes sense.

Get More with AKRS.
AKRS.com

*Program requires a valid John Deere Financial account and will utilize 90 day No Payment No Interest to hold the parts. Box must be returned within 90 days to avoid interest charges. Some restrictions apply. Please see your AKRS representative for more information.

Call your nearest **AKRS Equipment** location for your customized support box.
